SUBJECT: CENTER LANE Briefing to IC HUMINT Staff (U)

1. (S/CL-2/NOFORN) On 10 January 1985 DT-DIA will present a briefing to the Intelligence Community (IC) Human Resources Intelligence (HUMINT) Staff on the DoD psychoenergetic intelligence program. Dr. Vorona has requested CENTER LANE (CL) participation in the briefing to present information on remote viewing as an intelligence collection technique and to represent the collection division of the new DIA psychoenergetic program at the briefing. The CL portion of the briefing will be approximately 30 minutes and will include a short history of the development of the INSCOM program and a review of six collection projects.

2. (S/CL-2/NOFORN) In response to a request by BG Hyman, DAMI-IS, OACSI, for an update on CENTER LANE activities in preparation for the IC HUMINT Staff Meeting, MAJ Rawley, DAMI-ISH requested and received a status report on the attachment of CL to DIA. On 2 January 1985, LTC Buzby, CL Project Manager, informed MAJ Rawley of the CL participation in the 10 January 1985 briefing. Since the briefing is in support of the transfer of CL to DIA, authorization to participate in the briefing is contained in the 10 September 1984 letter from ACSI to CG, INSCOM, that permits direct coordination with DIA to affect the transfer (Incl 1).
